Stellar Learning Technologies

About Us

Stellar, officially *Stellar Learning Technologies*, is an AI-driven learning platform created by students for students. We are a registered 501(c)(3) organization, and all sponsorships to us are tax deductible. Free forever, it makes learning smarter, more efficient, and fun. Covering subjects from languages to science, Stellar offers concise, curriculum-aligned lessons with infinite AI-generated practice questions. Interactive tools such as guided tutorials, diagram labeling, annotations, and graphing make studying engaging and effective. With gamification, projects, and AI-powered notes and flashcards, Stellar balances intuitive learning with test prep for APs and beyond. Personalized and engaging, Stellar is redefining the future of education. Our mission is to make education as accessible as possible, to an audience as wide as possible. Our site can be found here: **https://stellarlearning.app/**

Why Sponsor Us?

In September 2025, we officially hit **10,000** registered users. We are looking to provide the best quality practice and mock tests to our users and for that we need more support from sponsors. With your help, we can expand our question bank, build out more advanced features, and cover server and development costs to keep Stellar free and accessible for every student. Sponsorship directly fuels better content, improved technology, and a stronger learning experience while ensuring we continue our mission to make world-class education available to all.

By sponsoring Stellar, your company will:

- Reach a fast-growing community of **10,000+** motivated students across the U.S. and globally
- Gain visibility as a supporter of cutting-edge, AI-powered education technology

- Align your brand with a mission-driven platform making world-class education accessible to everyone
- Receive recognition on Stellar's platform, newsletters, and community events, providing ongoing brand exposure
- Early access to a pool of high-achieving students for internships, ambassador programs, and future recruitment
